Developing Cultural Capital <i>Essential knowledge and skills of educated citizens.</i>	A study of early 20th century Russia at A Level gives students a greater understanding of the stark cultural and political differences of one country to their own. Students will study the complexities of people's lives in Russia whilst living under a Communist dictatorship where certain privileges and rights, which they themselves benefit from, did not exist. This will give the students more of an appreciation of the benefits provided by a democratic system of government.
