How does this year deliver your curriculum intent?

In Year 9 DT you will be confidently applying your knowledge and skills when designing and making products and can explore and investigate using a broad range of materials and ingredients. This year will prepare you to contribute to the modern world by having the ability to explore design problems for yourself, address the solutions by undertaking research activities whilst considering the needs of individuals within our community and the wider world.

In Year 9 Art you develop their skills in using the formal elements so that you are a more accomplished artist and have the visual language to communicate in a more sophisticated way, showing more independence and confidence.
