| How does this year deliver your curriculum intent? | Business 1 and Business 2 equip our students with the skills and confidence to explore how different business situations affect business decisions. Each topic will encourage students to make informed choices about a wide range of further learning opportunities and career pathways as well as develop life skills that enable them to become financially and commercially aware. This year continues to allow students to make an informed approach that will help them to evaluate choices and decisions about their future working lives. | | | | | | | | |
